Twenty Men, Including As sistant Chief Pass, Cut Off Police Force.

The official heads of 18 pairsiment one detective and the assistant chief of police already have fallen before the av wielded by Cuaries B Quinn, newly elected police and fire commissioner, and word from the political battle from at the city hall is to the effect that more changes in the police department are coming soon.

Quinn got to work seen after the Saturday mealing of the city commission, when he was transferred from streets and bridges to police and fire, over the protest of C. W filler, who was deposed from the police-fire job. A list of victims to fall by Quinnis mandate was in the hands of the chief of police before dark Saturday night. The men discharged by the Republican commissioner of police are:

Ed T. Pass, assistant chief and head of the rum-raiding activity. James P. Mahan, deterive, and Patrolimen Nelson Brett, W. C. Cox, M. T. Coyne, J. H. Dilion, Mike Pahey, J. F. Flatingan, B. W. Head, Ira Holland, L. K. Johns, W. O. Metisha, F. T. McKogelsong, Dan McCarliky, John Nooman, L. W. Phipps, George F. Satishfield, J. F. Sherrill, H. D. Turner and J. G. York, No reason was assigned to these men for their discharge. As the new commissioner is a Republican, and as an election is coming in November, it is possible that the men let out were regarded as too active Democrats.

Quinn appointed Pass to the assistant chief's place months agu, at a time when he served as police and fire commissioner, before the election in August, 1918.

The stir created at the city commis-on meeting Saturday afternoon, when lomas F. Stratton, movie censor, wa-re commissioner and close personal lend to Mayor Monteverde, pulled a stol on Commissioner Miller, while le latter was, protesting against he-g changed from the police depart-ent, had not abated Monday morning. Tormed an absorbing topic for dis-ussion on street corners all of Sun-ty.

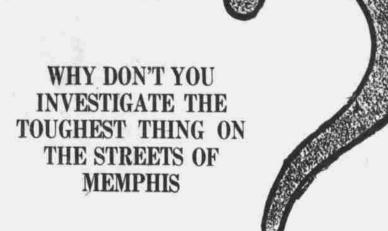

The pistol leaped into view, in Stration's hand, at a time when Miller had
given the lie direct to Quinn, and it
ooked as though blows would be exchanged between the two.

Miller, who still was police commissioner ordered the arrest of Stratton.

Quinn, street commissioner still, orlered his removal from the room.

Mayor Monteverde told Stratton to
eave the council chamber. Stratton
socketed the pistol and remained in
the hall until the meeting had consinded.

HOLMES COUNTY PUTS **OUT JIMSON WEED CROP**

YAZOO CITY, Miss., June 30, (Spl.)
—Since Holmes county, bordering
Yazoo, last year shipped loaves of the
iroson weed to the value of \$10,000,
Miss Lillian E. Lawley, county home
demonstration agent of Yazoo county,
is much interested in the industry in
this county. She has recently visited
Holmes county for the purpose of learning the methods of curing the leaves
there and the markets to which they
are shipped.

ing the methods of curing the leaves there and the markets to which they are shipped.

She finds the methods of curing very simple. The leaves are either stripped from the plants or the plants are pulled up and thrown in the shade to dry. When they dry in the shade the green color is retained in the leaves. Only the leaves are shipped and they have to be stripped from the plants either hefore they dry of after they become dry and sacked for shipment.

Miss Lawley finds that if the leaves are atripped from the growing plants at this time of the year the plants will again put out a second crop of leaves, and this method of harvesting the leaves is recommended. In the shade the leaves have only to be turned occasionally in order that those on the loiton may get an equal chance to dry. For the reason that Holmes county has not got definite returns on shipments this year it is not possible to name the exact price Yazoo county may hops to receive, but Miss Lawley finds weeds everywhere in this county in sufficient quantities to gather.

Miss Lawley promises to make the shipments co-operatively for those in Yazoo county who wish to gather the leaves. Since they may be shipped by parcel post, express, or freight, she will not wait until a carload has accumulated, but she will allow a medium-sized shipment to accumulate before they are placed on the market.
